

GIVE US YOUR FEEDBACK!

Thank you for participating in April 17, 2005, Annual Meeting session on "Moving to Solutions for Emergency Room Challenges." We welcome your feedback.

1. WHAT DO YOU WANT MORE OF?

Today's session touched on a number of issues related to emergency department care for behavioral disorders. To help NAPHS plan future discussions and resources, what subject areas would you like to hear more about? *Turn over if you need more space.*

2. WHAT DO YOU WANT TO TELL THE FEDERAL GOVERNMENT?

The Substance Abuse and Mental Health Services Administration (SAMHSA) is coordinating federal efforts to implement the recommendations of the President's Commission on Mental Health. An Acute Care Workgroup is currently finalizing its report. What message(s)/recommendation(s) would you like NAPHS to share with the Acute Care Workgroup? *Turn over if you need more space.*

3. WHAT DO YOU WANT TO TELL THE EMTALA TECHNICAL ADVISORY GROUP?

The Centers for Medicare & Medicaid Services has formed a Technical Advisory Group (TAG) on EMTALA concerns. NAPHS provided comments to the TAG for their first meeting in March 2005. As this group continues to deliberate, NAPHS has the opportunity to continue to provide input. What would you like NAPHS to tell the TAG about EMTALA concerns? *Turn over if you need more space.*

May we share your name with SAMHSA? If so, please give us:
