

## "ASK-THE-EXPERTS" ABOUT GEROPSYCHIATRIC INPATIENT PROGRAMS

### AN AUDIOTAPE TRAINING

*Learn what **inpatient providers** need to know to manage and maintain a successful psychiatric inpatient service for the geriatric population.*

This two-hour audiotape is designed to help you think through the **complexities of treatment, funding, and management of geropsychiatric services**. For example, what admission criteria should you use? What type and level of multi-disciplinary staffing is most effective? What type of programming works best for the geropsychiatric patient with dementia? How do you deal with issues related to assessment, discharge planning, financial considerations, risk management, and safety issues? Learn from top experts about the decision-making process they use to run their own psychiatric inpatient programs for older patients. **The training is intended for both administrators and clinicians.**
