

GET READY
FOR
OUTPATIENT
PPS....

WITH AN AUDIOTAPE / NOTEBOOK PACKAGE
BY EXPERTS IN BEHAVIORAL HEALTH REIMBURSEMENT

*Learn what **behavioral healthcare providers** need to know to get ready to be **reimbursed** for partial hospitalization and outpatient services*

Starting August 1, 2000, a totally new prospective payment reimbursement system will take effect for behavioral healthcare providers offering partial hospitalization and outpatient services under the Medicare program. Your financial systems will need to revamp for this dramatic change – in a very short period of time.

To help members prepare, the National Association of Psychiatric Health Systems has recorded a two-hour workshop *exclusively focused on the implications of outpatient PPS for behavioral healthcare providers*. The two-hour audiotope features experts in behavioral health reimbursement, including staff from the Health Care Financing Administration.

A 100+-page workbook binder (including key HCFA training documents and sample forms with behavioral health examples) will help you follow the audiotope training and work with your own staff to implement changes necessary to be reimbursed under this new system.
