NAPHS Annual Meeting To Be Held March 8-10, 2010, in Washington, DC

(Washington, D.C., September 9, 2009)...As part of its **2010 Annual Meeting**, the **National Association of Psychiatric Health Systems (NAPHS)** will provide a forum for behavioral healthcare leaders to take their message directly to Capitol Hill about the need for access and coverage, coordinated care, and fair funding for children, adolescents, and adults with behavioral disorders.

The 2010 NAPHS Annual Meeting is scheduled for **March 8 through March 10, 2010**, in **Washington, DC**. The event is being held Monday through Wednesday at the **Mandarin Oriental Washington DC**.

Hear the thinking of leaders from Congress, the administration, and the regulatory agencies that will shape the future of behavioral health for years to come. Get insight into how new trends in health care overall (such as public and private payer demands for transparency, accountability, safety and quality, avoidance of medical errors, and more) may play out in behavioral health.
